CONTRIBUTIONS – Voluntary:

The total amount of contributions families are being asked to pay has been set out in the table below. This is in accordance with the School Education Regulations 2000. The school **needs your commitment** to the voluntary contribution as it is a major source of funds for the school and relies on all families contributing. Your contribution will be used to supplement school funding for the purchase of resources needed in the provision of the learning program activities. Voluntary contribution for each student is $60.

CHARGES:

Throughout the year there will be charges set that vary from class to class and child to child. Based upon history, the school sets a maximum that is not to be exceeded for that year. (Excursions, Incursions, Drama, Swimming, Dance, Carnivals, IT, Camps, etc.) The **maximums** for 2027 are set out below. The amounts encompass all *possible charges* that **could** eventuate, however in most cases the real costs will be significantly less. Charges are billed at the time of the activity and spread over the four terms. **There is the option for parents to pay upfront an**

amount of their choice to be used as charges eventuate. The money will sit as 'unallocated credit' on your child's account until the time the activity is billed.

Parents are invited to contact Administration to arrange payment plans if at any time they experience difficulty in meeting these costs.

The release of this information is aimed at providing parents with the opportunity to plan ahead to meet the needs of their child's education.

This screening helps to quickly identify if a child is experiencing difficulties with their speech and language development and determine if there is a difficulty requiring further formal assessment.

LIBRARY RESOURCES
